

### **REMARKS**

In the Notice dated December 30, 2009, it was stated that in the most recently submitted Sequence Listing, SEQ ID NOS: 17 and 18 were included as identical sequences. This was an inadvertent error since the sequences for SEQ ID's 17 and 18 are shown at page 26 of the original application. Accordingly, Applicants amend the Sequence Listing to reflect the correct sequences for SEQ ID's 17 and 18, and a paper and computer readable form of the sequence has been provided.

Additionally, Applicants include the following statement:

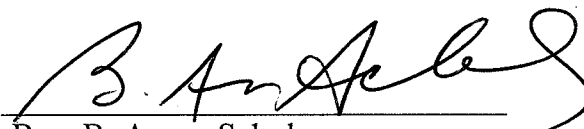

### **STATEMENT UNDER 37 CFR 1.821(F)**

Applicants state in accordance with 37 C.F.R. §1.821(f) that the content of the enclosed paper sequence listing and computer readable form are the same, and that in accordance with 37 C.F.R. §1.821(g), the enclosed submission contains no new matter.

In light of the foregoing, Applicant submits that the application complies with sequence listing requirements, and allowance of this case is respectfully requested.

Respectfully submitted,

Date: January 28, 2010
